**Tantra Nectar Touch Massage - Before & After Session Guidelines for Client**

Getting one on one sessions is amazing and can raise recollections and feelings. This guide has been created to enable you to comprehend the procedure, how to capitalize on a session and to have an increasingly easeful change after a session.
Follow these rules as an approach to give to yourself the best chance to get ready for these sessions.

1) Have a decent night's rest before the session day. Hit the sack early and don't utilize any mind-altering medications, for example, liquor, cannabis or dozing pills for somewhere around 24 hours before or after the session. It is prescribed to likewise not consume caffeine or stimulated refreshments for 6 hours before the session.

2) Drink a lot of unadulterated, clean water before and after the session. This flushes poisons out and greases up the body just as helping the stream of vitality.

3) It is also important to relax any expectation of orgasm or ejaculation during the session.

4) Proceed with individual practices, for example, cognisant passionate ejaculation, contemplation, cognisant self-touching and self-pleasure work outs, strolling in nature, yoga, qigong, Tantra, solid sattvic diet, light exercise, and journaling.

5) Try not to plan anything preceding or after a session so you have extensive time to inhale, feel, appreciate and coordinate. Generally, customers rise up out of the session in a space of quietness, reflection, and calm thought, it is prescribed to permit space for that.

6) Try not to participate in sexual association with anybody for about two hours after your session, giving reality to coordinate the intensely transformative nature of the session. If you engage sexually, consider doing so in slower more nurturing manner and do not focus on orgasm or ejaculation.

If it's not too much trouble, fill in answers to the inquiries beneath and give to your session giver before the session.

For the Taoist Tantra Massage, Kashmiri Tantra Massage, Tantra Nectar Touch Massage, and Tantra Nectar Touch Massage with Ayurveda Yogic Tantra,

There is an alternative to incorporate non-penetrative genital touch.

It is entirely up to you if you would like your session giver to include this aspect of the massage or not. (If not, those elements can instead be completed in the auric field).

Please sign your name below, and the date, indicating if you would like non-penetrative genital touch, and that you understand that intercourse is not a part of the massage.

Yes, I would like to include non-penetrative genital touch as part of my massage with the understanding that this touch is an integral part of the whole massage and is aimed at bringing about a state of wholeness in the body, mind and soul.
No, I would not like genital touch of any kind to be included in my massage.

I understand that sexual union, nude genital-genital contact, and oral-genital contact, are not part of the massage and that my session giver will hold clear ethical boundaries with full integrity in case sexual desire arises from either party. I understand that penetrative genital touch with the fingers is not part of the massage unless agreed on the form on the following page.

I understand that the intention for this massage is not for genital release nor ejaculation for the client nor the session giver. I do not expect genital release nor ejaculation during this session.

Regarding penetrative touch with the fingers, see next form.

For the *Tantra Nectar Touch Massage with Conscious Sensuality* and *Tantra Nectar Touch Massage with inner alchemy*, there is an option to include penetrative genital touch with the giver’s fingers, and that the session giver or the client each have the right to request non-latex gloves to be used for internal genital massage.

It is entirely up to you if you would like your session giver to include this aspect of the massage or not.

Please sign your name below, and the date, indicating if you would like penetrative genital touch with the giver’s finger, and that you understand that intercourse is not a part of the massage.

Yes, I would like to include penetrative genital touch (with the giver’s fingers only) as part of my massage with the understanding that this touch is an integral part of the whole massage and is aimed at bringing about a state of wholeness in the body, mind and soul.

Client Statement of Responsibility and Liability Waiver

Sometimes strong emotions, memories or sensations arise and it is up to me (the client) to decide if I want to pause or stop or if I want to work through them and release them. By scheduling a session I agree to take full responsibility for my choices and release the practitioner from any liability regarding anything related to the session, physically, emotionally or mentally.

I agree to tell the session giver immediately and clearly if I am experiencing pain, discomfort or want a pause or to stop the session.

I understand that the intention of this session is to bring about a profound integration of sexuality and spirituality, supporting a clear flow of Chi through my body and a sense of oneness in all that I am.
